## **II. Academic Excellence and Standards**

Propel Schools believes that academic excellence is a requirement of a high-quality education and recognizes the importance of developing, assessing, and expanding academic standards to challenge scholars to achieve at their highest level possible. To this end, Propel Schools shall establish rigorous academic standards in accordance with, and may expand upon, those adopted by the State Board of Education. “Academic standards” shall be defined as “what a scholar should know and be able to do at a specific grade level.” For purposes of policy, the term “academic standards” shall be deemed to encompass PA Core Standards, state academic and local academic standards. Propel Schools’ curriculum shall be designed to provide scholars with the planned instruction needed to attain established academic standards. Propel Schools shall

assess individual scholar attainment of academic standards and provide assistance for scholars having difficulty attaining academic standards. scholars with disabilities may attain academic standards by completion of their Individualized Education Programs (IEPs) in accordance with law, regulations, and Board policy.

### **III. Promotion and Retention**

Propel Schools uses multiple factors including academics, attendance, and social emotional development to determine grade level promotion and retention. All requests for scholar retention must be approved by the Superintendent. For more specific information, please contact the building principal.

### **IV. Behavioral Excellence**

School-wide discipline and restorative practices are integral parts of teaching and learning. Young people must develop good work habits and mindsets if they are to be successful as scholars and become successful members of the larger community.

Because one of the primary goals of Propel Schools is to promote constructive and respectful behavior, the procedures and consequences described in this Handbook are designed to modify unacceptable behavior, not to punish.

Propel Schools Board of Trustees has authorized school administration to make reasonable and necessary rules and procedures for guiding scholar and family conduct. The intent of the rules, procedures, and consequences that follow explain how scholars and families will be held accountable for their behavior and the possible procedures for restoring positive behavior. Families are required to play an active role in their scholars' educations and support the school's decisions. If a suspension is issued, a reinstatement meeting will be held and the parent/legal guardian MUST attend the meeting.

#### **School Wide Behavior Support Plan**

Propel has developed a school wide behavior support plan designed to encourage positive and productive behaviors and handle relatively minor infractions in a consistent and fair manner with a goal of returning the scholar to active engagement in the classroom and teaching them how to behave in a manner that meets expectations.

#### **Guidelines**

The following serves as a framework for behavior expectations throughout the school and at school sponsored events (reference the Sports Handbook for participation and behavioral requirements). Additional rules and expectations may be established in each area (acting responsibly, being prepared, etc.) by school staff to guide scholar behavior in classrooms and elsewhere in the school. Each Propel School has a specific School Wide Behavior Support Plan that outlines the process and alignment of school-wide discipline and restoration. The building specific scholar/Family/School Compact outlines the exact responsibilities of each stakeholder. These can be obtained by contacting the building principal.

## **VII. Family Expectations for Resolving School Concerns**

Propel's mission and vision is to provide a high-quality educational experience to all scholars. As we strive to redefine school and defy expectations, we count on our families to be our partners in education. Together, we will overcome challenges and celebrate scholar success. Should a family feel a need to present a concern about a Propel School, we want to be sure that all stakeholders are using the most effective avenues of communication. This ensures that your concerns will be given the time, attention, and consideration necessary for solution-based outcomes.

It is the policy of Propel Schools that all school personnel, staff, scholars, and scholars' parents/guardians, and families are required to be civil in all of their interpersonal school-related interactions. Civility does not require unqualified agreement or conformity of opinion. Under no circumstances will uncivil conduct at any school-related activity be tolerated.

For purposes of this policy, to be civil means to act with self-discipline in a courteous, respectful and orderly way in every interpersonal communication and behavior.

Uncivil conduct includes, but is not limited to: using an inappropriately loud voice; using profane, vulgar, or obscene words or gestures; belittling, jeering, or taunting; using personal epithets; using violent or aggressive gestures or body-language; repeatedly and inappropriately interrupting another speaker; repeatedly demanding personal attention at inappropriate times; purposefully and inappropriately invading personal space; purposefully ignoring appropriate communications; wrongfully interfering with another person's freedom of movement; wrongfully invading another person's private possessions; or, any other behavior that inappropriately disrupts school-related activities or violates the Propel Schools policies and expectations.

An expression of disagreement or a discussion of a controversial viewpoint is not uncivil if such expression or discussion is appropriately presented and does not disrupt a school-related activity. Any school personnel who are uncivil shall be subject to disciplinary action per the guidelines in the Employee Handbook. Any scholar that is uncivil shall be subject to disciplinary action per the scholar and Family Handbook. In the event that any scholar's parent/guardian or

family member is uncivil during a school-related activity, school personnel to whom the uncivil actions are directed shall immediately warn the family to communicate or act civilly. If the family fails to correct the uncivil behavior as directed, the affected school personnel shall notify the family that the school activity is terminated, and the affected school personnel shall refer the matter to school administrators for further administrative action, criminal prosecution, or legal action, which may include, but not limited to, a prohibition from any further participation in school-related activities and being excluded from Propel campus buildings.

### **How do I advocate for my scholar?**

#### I. Define the issue.

Talk with your scholar to assure that you have a clear understanding of the situation (academic, behavioral or administrative.) Work together with your scholar to identify specific elements such as the names of parties involved and the timeline of events.

#### II. Review Propel's guidelines.

Review the scholar and Family Handbook, policies, scholar code of conduct and administrative procedures to help you clarify the issue at hand.

#### III. Communicate the issue

Once you have clearly outlined the issue and decided if a specific policy may have been violated, it is time to communicate your concerns to the appropriate individual. By utilizing Propel's 'Chain of Command' protocol, start by reaching out to the initial contact on the list. If you do not follow the Chain of Command, you will be redirected to the appropriate person. By skipping this step, it may take a longer time to address your concerns, as information will have to be given to and received from the initial contact by those farther along the 'Chain of Command.' Be sure to document your communication efforts by detailing such items as the date, time, contact and content of conversations that take place by telephone or in person. Save all email threads that relate to the issues at hand. This will allow all stakeholders to be in alignment if an issue moves to the next 'Chain of Command.' In alignment with Pennsylvania wiretapping laws, Propel schools does not give consent for telephone calls or conversations to be taped or recorded. All in-person meetings must be scheduled in advance.

### **Chain of Command: Where to Go if You have a Concern**

If your concern involves academics/learning/curricula:

1. Classroom Teacher
2. Assistant Principal/Principal
3. Senior Director of Academics
4. Assistant Superintendent
5. Superintendent

If your concern involves conduct/truancy/bullying:

1. Classroom Teacher
2. Guidance Counselor
3. Assistant Principal/Principal
4. Assistant Director of Scholar Affairs
5. Assistant Superintendent
6. Superintendent

If your concern involves school bus schedules/school bus conduct/school bus safety:

1. School Bus Driver
2. School Bus Company
3. Assistant Principal/Principal
4. Assistant Director of Scholar Affairs
5. Assistant Superintendent
6. Superintendent

\*\*\*All concerns that reach the Propel Schools Administrative Office are required to be in writing prior to being addressed and contact MUST be legal guardian and/or the individual who has scholar educational rights. The written concern must outline:

- Scholar name, grade, and Propel School location
- Parent(s)/Guardian name, best telephone number and email address
- Overview of the items of concern and steps already taken at the school level to address the concern(s)
- After the Propel Leadership Inquiry is received and if the appropriate procedures were followed, a response will be made within 48-72 hours

### **Social Media/Multimedia and Schools - Good Practices For All Stakeholders**

For many of us, social media usage is a part of everyday life. Social media can provide wonderful opportunities for families to connect with friends and loved ones. Unfortunately, we also see that social media can be utilized in negative, harmful and destructive ways. As adults, we have the opportunity to set a positive example for scholars when we interact with social media. All parents and families are invited to join Propel staff in setting this good example.

DO:

- Demonstrate courtesy and respect for school staff and other families/students when commenting/posting on social media
- Use appropriate language when discussing school
- Address issues or concerns regarding school directly with the school (using Propel's 'Chain of Command' protocol) rather than posting them on social media
- Share good news with school leadership so that students can be congratulated on their successes outside of school

DON'T

:

- Use social networking sites to make derogatory comments about school staff or other families/scholars
- Post photographs of other people's children without parental permission
- Feel obligated or compelled to address unsolicited inquiries from media or reporters
- Conduct school business via social networks

Propel promises to:

- Address all concerns brought to school leadership in a thoughtful, fact-based and timely manner.
- Act in the best interest of our scholars/families, schools and communities at all times.

### **VIII. Scholar Search Policy**

School administration reserves the right to search a scholar, a locker, a bag, a person, or vehicle on school property if the administration feels it is in the best interest of the safety of the school. Propel provides lockers for storage of scholars' books, school materials and personal property. This policy is designed to establish guidelines for situations in which scholar lockers may be searched or inspected.

#### **Procedures**

Lockers are the property of Propel. Therefore, scholars have a limited expectation of privacy in their lockers. scholars are required to ensure that their lockers do not contain spoiled food items or beverages, or soiled clothing which may attract pests, create odors or cause unhealthy conditions. A scholar locker may be opened and inspected, with or without the consent of the scholar, whenever there are odors, pests, or other indications that a locker may contain these items or similarly unhealthy conditions. Lockers will not be used to store any substance or item that is prohibited by law or Propel policy or rules, or that presents a threat to the health, safety or welfare of Propel's community or property.

- Propel may conduct without suspicion unannounced blanket or random searches of lockers if school officials determine in good faith that a substantial problem is threatening the welfare or safety of scholars and staff and that blanket or random searches may help solve or eliminate the problem. Before such a search is conducted, Propel will take the following steps:
  - The Superintendent or his/her designee and the school principal will jointly approve the search.
  - The Superintendent or his/her designee and the school principal will determine the method and scope of the search. Blanket searches will include all lockers in a school or all lockers in a section of a school. Random searches will include only those lockers chosen at random without discretion of school officials. For example, searching every fourth locker in a school.
- The signature page at the end of this handbook serves as an acknowledgment of this policy. Failure or refusal to sign the acknowledgment has no effect on Propel's right to search scholar lockers.
- Propel reserves the right to search a scholar's locker at any time based on reasonable suspicion for the purpose of determining whether the locker is being used improperly for the storage of contraband, drugs or controlled substances, illegal objects or anything that poses a threat to the school population.
- Inspections or searches may include but not be limited to the use of law enforcement, certified drug-sniffing dogs, metal detectors or any similar means or device used to protect the health, safety and welfare of the school population.
- The principal or designee will be present whenever a scholar locker is searched on the basis of reasonable suspicion or a cleanliness inspection. The principal or designated staff shall maintain written records of all occasions when a locker is searched or inspected. Such records shall include the reason(s) for the search/inspection, persons present, objects found and their disposition.
- The scholar will be notified and be given an opportunity to be present before an individual locker cleanliness inspection or search based on reasonable suspicion. If, however, Propel has reasonable suspicion that a locker contains something that poses a threat substance or an item that poses a threat to the health, safety or welfare of Propel's school population, the scholar locker may be searched without prior warning and without the scholar being present.
- A principal shall open a scholar locker on the request of law enforcement only upon presentation by the requesting officer of a duly authorized search warrant, or that the circumstances otherwise permit the search to be lawfully conducted in accordance with the standards applicable to law enforcement actions, or on the intelligent and voluntary consent of the scholar. School staff will not interfere with or obstruct searches initiated by law enforcement, but may assist when law enforcement officials have requested such assistance.
- The principal will be responsible for the safekeeping and proper disposition of any substance or item found in a scholar locker if such substance or item is prohibited by law, Propel policy or rules, or presents a threat to the health, safety or welfare of Propel's

community or property. Confiscated substances or items may be used as evidence in a disciplinary hearing.

- Illegal or dangerous substances or items will be given to law enforcement officials.
- Scholars are responsible for the security of their lockers.
- Scholars, parents and staff will receive a copy of this policy annually per the scholar and Family Handbook and via the school website.
- The Superintendent or his/her designee will develop procedures to implement this policy.

Propel Charter Schools have taken all precautions to maintain safety of all users and these guidelines are written and enforced in the interest of all users' safety and effective use of the Internet.

### Consequences

- Restriction of network access
- Loss of the grade
- Financial responsibility for repair/replacement of damaged items
- Suspension in accordance with school discipline code
- Criminal prosecution under appropriate state and federal laws

While teachers do their best to monitor scholar use of the Internet, the nature of the network makes it impossible to guarantee that scholars will never gain access to inappropriate areas. It is the intent that the network be used ethically for instructional activities. If we determine that a scholar has been using the system in an inappropriate activity, the privilege will be withdrawn.

The signature of the parent or guardian must be on file for each scholar prior to the scholar receiving Internet access. **Access will be denied until a signature in this scholar and Family Handbook is received.**

## **XI. Propel Internet Safety Policy**

It is the policy of the Propel Schools to (a) prevent its computer network from being used to access or to transmit inappropriate material via Internet, electronic mail or other forms of direct communications; (b) prevent unauthorized access and other unlawful online activity; (c) prevent unauthorized online disclosure, use or dissemination of minors' personal identification information; and (d) comply with the Children's Internet Protection Act, 47 U.S.C. § 254(h) ("CIPA"). For specific definitions, please see an administrator.

**Inappropriate Material Access** To the extent practical, technology protection measures shall be used to block or filter access to inappropriate material on the Internet or in other forms of electronic communications. Specifically, as required by the CIPA, internet filters will be used to block any material deemed to be obscene, child pornography or harmful to minors. Subject to staff supervision technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes. 47 U.S.C. § 254(h) (5) (D).

**Inappropriate Network Use** To the extent possible, steps will be taken to promote the safety and security of users of the Propel Schools' online computer network when using electronic mail, chat rooms, instant messaging and other forms of direct electronic communications. Specifically, as required by the CIPA prevention of inappropriate network use includes (a) unauthorized access, including so-called "hacking" and other unlawful activities; (b) unauthorized disclosure, use and dissemination of personal identification information regarding minors.

**Supervision and Monitoring** All Propel Schools staff members shall be responsible for supervising and monitoring use of the online computer network and access to the Internet in accordance with this policy and the CIPA.

Propel will educate all scholars about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response. The concept of digital citizenship will continue to be discussed from Kindergarten through 12th Grade, with additional instruction focusing on research and information literacy.

The CEO/Superintendent or his/her designated representative(s) shall be responsible for developing and implementing procedures for disabling or otherwise modifying any technology protection measures.

**Adoption** The Board of Propel Schools adopted this Internet Safety Policy at a public meeting, following normal public notice, on November 18, 2008 and revised in 2013.

## **XII. Photo Permission**

Photographs and videotape footage of scholars involved in various school related activities are often used as part of Propel's community relations and social media. Photographs/videotapes may be used in school publications, video productions, newspapers and on television. Names of scholars may be placed in articles in school and local newspapers/newsletters to recognize various scholar achievements. "Opt-Out" photo permission forms are sent home to families at the beginning of each school year.

In accordance with the Family Educational Rights and Privacy Act (FERPA) , parents/guardians/family members and scholars are not permitted to view internal camera footage.

## **XIII. Attendance**

Consistent attendance at school is not only essential for academic, social, and behavioral excellence, it is also the law. It's the parent/guardian's responsibility to ensure that children attend school regularly as required by the state of Pennsylvania.

Immediately upon returning to school after an absence, scholars are to present a written absence note to the school office containing the dates of absence, the reason for the absence, and a parent/guardian signature. Absences for reasons of illness, funeral, medical and dental appointments, religious observance or court appearances will be considered excused.

When a scholar accumulates three or more days of unexcused absences, a legal written notice will be sent to the parent/guardian informing them that there has been a violation of the compulsory attendance provisions of PA School Law. Further violations can result in a citation or truancy complaint being filed against the parent/guardian with the district magistrate.

Scholars with 10 consecutive unexcused absences will be permanently dropped from the school's rolls.

Scholars that have accumulated 20 total absences, both excused and unexcused, will be reviewed for possible retention.

### **Excused Absences**

An excused absence can be defined as, but is not limited to:

1. Medical appointment verified by a medical note
2. Illness confirmed by a medical note
3. Observance of a religious holiday
4. Illness confirmed by a note from a parent/guardian
5. Court appearance demanded by official summons or subpoena verified by court.
6. Funeral (confirmed with a parent/guardian note)
7. Extenuating circumstances that have been approved by administration
8. Approved Educational Trips/Tours
9. Out of School Suspensions

#### Preplanned Educational Tour or Trip

If parents or guardians plan to take a family vacation and have it classified as an "educational trip," they must inform the principal **at least one (1) week in advance of the reason for the absence** on the District's "Request for Excused Absences from School for a Preplanned Educational Tour or Trip" form. Total pre-approved absences during the school year will not exceed five (5) school days unless approved by the Superintendent. All pre-approved absences will be recorded as excused absences. An application must be filled out for each child seeking excused absence from school. Applications are also required for half-day trips. Vacations will not be approved as educational trips if any of the following apply:

- If the trip is scheduled during the weeks of PSSA testing, Keystone testing, or other standardized testing applicable to the child(ren)
- If a child is considered truant (3 unlawful absences), habitually truant (6 unlawful absences) or has exceeded ten (10) excused absences
- If a child's academic progress is in jeopardy

Scholars are required to complete all assignments and tests deemed necessary by the teacher(s) within a time period that is equivalent to the number of days of excused absence not to exceed five (5) days (e.g., if a scholar missed three (3) days of school, he/she will be given three (3) days to make up all missed assignments). The approval of any pre planned educational tour or trip is within the discretion of the principal and is not guaranteed.

#### Unexcused Absences

An unexcused absence can be defined as, but is not limited to:

1. Any absence that is not confirmed with a parental/guardian, medical staff, or within the three day grace period.
2. Truancy (absence from school without verification from the parent)
3. An illness which lasts for more than three consecutive days that is not verified by a medical note
4. Personal reasons
5. Failure to attend because of transportation problems, unless transported by school bus
6. Non-school sponsored sports activities or events

As per state guidelines, scholars must be in attendance 50% of the day to be considered present for the day.

### Tardiness

Those scholars who are not in their seats and prepared to learn when the first class begins are considered tardy to school.

Scholars who are tardy to school **must be presented at the Main Office by a parent or guardian.** Tardiness for reasons of illness, funeral, medical and dental appointments, religious observance or court appearances will be considered excused. All other tardies will be considered unexcused. Excessive unexcused tardies may be converted into unexcused absences and may lead to possible prosecution before the magistrate.

### Early Dismissals

Early dismissals may be requested for funerals, doctor appointments, and court appearances. Such requests must be made no later than 8:30AM the morning of the requested early dismissal. scholars are to present an early dismissal form to the school office listing the date, time and reason for dismissal, and including a parent/guardian signature. At the time of dismissal, the scholar must report to the front office to sign out of the building. scholars will not be permitted to leave for an early dismissal after 3:00PM. scholars will only be allowed to leave the school after phone verification of the dismissal from a parent/ guardian on the day of the dismissal. Excessive unexcused early dismissals may be converted into unexcused absences and may lead to possible prosecution before the magistrate or referral to outside service agencies.

Governor Wolf signed new truancy legislation into law on Thursday, November 3, 2016. The law clearly states that the purpose of Pennsylvania's truancy law is to improve school attendance and deter truancy "through a comprehensive approach to consistently identify and address attendance issues as early as possible with credible intervention techniques."

The law explicitly defines "truant" as a child subject to compulsory school laws "having three (3) or more school days of unexcused absence during the current school year. The law streamlines the definition of "habitual truancy." Under the law, "habitual truancy" is defined as a child subject to compulsory school laws "having six (6) or more school days of unexcused absences during the current school year." Therefore, a child is habitually truant once he or she accumulates six unexcused absences during the course of the school year. These absences do not need to run consecutively. A child will be considered chronically absent when enrolled for 90+ days and absent (excused or unexcused) more than 10% of the school days enrolled.

The law has "procedural" requirements by which Propel Schools will abide. The first pertains to procedures schools must follow when a child is "truant"; the second pertains to the procedures a school must follow when a child is "habitually truant." Propel Schools will notify in writing the person in parental relation with a child within ten (10) school days of the child's third unexcused absence that the child has been "truant." This notice will include a description of the consequences that will follow if the child becomes habitually truant in the future and may include the offer of an attendance improvement conference. If the child continues to be truant and incurs additional absences after this notice has been issued, Propel Schools will offer the scholar and

parent/guardian a scholar attendance improvement conference.

**Habitually truant children under fifteen years of age:** If a habitually truant child is under fifteen (15), the Propel Schools will refer the child to either: (1) a school-based or community-based attendance improvement program or (2) the county children and youth agency (CYS) for services or possible disposition as a dependent child under the Juvenile Act. Additionally, Propel Schools may file a citation against the parent of a habitually truant child under fifteen (15) in a magisterial district court. If a habitually truant child is fifteen (15) or older, Propel Schools will either: (1) refer the child to a school-based or community-based attendance improvement program or (2) file a citation against the scholar or parent in a magisterial district court. If a habitually truant child aged fifteen (15) or older incurs additional absences after a school refers that child to an attendance improvement program or the child refuses to participate in an attendance improvement program, the school may refer the child to the local CYS agency for possible disposition as a dependent child. The new law defines “school attendance improvement conference” as a “conference where the child’s absences and reasons for the absences are examined in an effort to improve attendance, with or without additional services.” Propel Schools will invite the following individuals to the conference: the scholar, the person in parental relation to the child, appropriate school personnel, recommended service providers (e.g. case managers, behavioral health providers, probation officers, children and youth practitioners, etc.). Propel Schools will hold the conference even if the parent/guardian declines to participate or fails to attend after the school provides advance written notice and makes attempts to communicate via telephone. There is no legal requirement for either the child or parent to attend an attendance improvement conference. Propel Schools will document the outcome of any attendance improvement conference in a written attendance improvement plan. Propel Schools may not take further legal action to address unexcused absences until after the date of the scheduled attendance improvement conference has passed. Attendance improvement conferences will not be perfunctory warnings that further absences will result in legal action against the scholar or parent. Propel Schools will create attendance improvement plans in conformity with the overriding purposes of the law.

Propel Schools will abide by the law for the procedure when referring cases of habitual truancy to the magisterial district courts. The venue will be determined based on the location of the school in which the child is enrolled. A magisterial district court will provide notice of the hearing to the following: the school, the person in parental relation, the local CYS agency.

**Burden of Proof:** At the trial with respect to the citation, the burden, at all times, is on the school to prove beyond a reasonable doubt the following: The child was habitually truant while subject to the compulsory attendance law without “justification” This standard aligns with the definition of habitual truancy in the Juvenile Act. The Superior Court has held that the Juvenile Act places the burden on the Government to prove each of these three elements. This means that the school must prove each of these elements, including that the habitual truancy was not justified. There is no burden on a scholar or parent to put forth evidence that the habitual truancy was justified. Of course, a scholar or parent may still put forth evidence that the habitual truancy was justified. If the school fails to prove that the habitual truancy was not justified, the school cannot carry its burden.

**Affirmative Defenses:**

Scholar and parent-guardian respondents may put forth evidence of an “affirmative defense” that justifies

the habitual truancy. For example, at least one court has held that a scholar has a right to present evidence of her disability to justify her habitual truancy. Additionally, the law continues to permit parents to present an affirmative defense that he or she took every reasonable step to ensure the child's attendance at school. Affirmative defenses must be proven by a preponderance of the evidence.

**Relevant evidence:** The law explicitly states that, at sentencing, the judge must permit the school, parent, or scholar to present relevant information that will assist the judge in making an informed decision regarding the appropriate sentence. This is important because the law affords considerable discretion to local judges in determining the most appropriate penalty in conformity with the purposes of the law.

**Potential Penalties:** The law states that a person convicted of habitual truancy may be fined: (1) up to \$300 per offense, with court costs, for the first offense; (2) up to \$500 per offense, with court costs, for the second offense; and (3) up to \$750 per offense, with court costs, for a third and any and all subsequent offenses. The law defines "offense" as "each citation filed under Section 1333.1 for a violation of the requirement for compulsory school attendance regardless of the number of unexcused absences averred in the citation." The law states that a court may jail a parent/guardian who fails to pay a fine or completed court-ordered community service for a period not to exceed three days in any one case. The failure of a scholar to comply with a fine or costs associated with court must not be considered a "delinquent act" under the Juvenile Act. Under the law, if a parent or scholar is convicted a second time for habitual truancy within three years, the court must refer the child to CYS for services or possible disposition as a dependent child under the Juvenile Act. Judges have the discretion on whether to send the Department of Transportation a certified record of a scholar's conviction for license suspension. Where a scholar's license has been suspended, he or she may seek to have his or her eligibility restored by providing DOT with a form that indicates that (1) the child has attended school for a period of at least two months after the first conviction or four months after the second conviction without an unexcused absence or tardy; or (2) is subject to exception to the compulsory school attendance law; or (3) has graduated from school. The law provides that scholars who have been convicted of violating the compulsory school attendance laws and had their licenses suspended may apply for an occupational limited license pursuant to 75 Pa.C.S. § 1553 in order to get to and from work or school. Thus, even a scholar whose license has been suspended may drive to school if he or she applies for and receives an occupational limited license. This removes a potential barrier to school attendance. The law states that a child who has been convicted of habitual truancy may apply for an expungement. The court must grant a child's application if (1) the child has earned a high school diploma, a Commonwealth secondary diploma, or another PDE-approved equivalent, or is subject to an exception to compulsory school attendance and (2) the child has satisfied any sentence imposed by the court with respect to the conviction, including payment of fines and costs. If a court grants an expungement application, the court must also order DOT to expunge all administrative records related to the convictions. Courts should make scholars aware of the opportunity to seek an expungement throughout the dispositional process.

#### **XIV. Transportation**

Propel Schools does not provide transportation to and from school. The school district of residence is responsible for providing transportation. The law requires school districts to provide transportation to resident scholars attending a Propel School "on such dates and periods that the charter school is in regular session" if: The charter school is located within the school district or the charter school is located not more than ten miles by the nearest public highway beyond the school district boundary. The law allows a school district to ask a child, regardless of age, to walk up to a mile and a half to a bus stop or school. The mile and a half is measured by public roads and does not include any private lane or walkway of the child's residence. All questions and concerns about assigned routes, bus stops, and/or any bus grievance is out of the realm of Propel Schools control and need to be directed to the resident bus company.

Failure to update and maintain accurate residency information and home address may result in loss of transportation until such matters are resolved and/or withdrawal from enrollment.

**Any change to daily transportation must be made no later than 8:30AM on the morning of the request.** The appropriate forms must be submitted to the main office. For example, if a scholar is not taking the bus home and is getting picked up by an authorized friend/ relative the office must be notified that morning in writing.

Scholars who take a school bus are expected to act responsibly, respectfully, and safely at all times. Every scholar is charged with the responsibility of proper school bus behavior and the knowledge that pupil transportation is a privilege. scholars may be denied the privilege of being transported to and from school or other school related activities. Parents/guardians are responsible for supervision until such time as the child boards the bus in the morning and after the child leaves the bus at the end of the school day. Once the child boards the bus, and only at that time, does he/she become the responsibility of Propel Schools and the bus company. In cases when scholars do not conduct themselves according to the bus expectations and expectations outlined in this handbook, instances will be brought to the attention of the building principal. As Propel Schools knows the importance of scholars being present in school and to prevent the loss of the bus privilege, the schools take a number of measures to facilitate responsible and respectful behavior, including but not limited to:

**The procedures and policies in the scholar and Family Handbook apply whenever a scholar is on a school bus.**

- The Principal or his/her designee reviews expectations for appropriate bus behavior at all Family Orientations.
- Classroom teachers review expectations for appropriate bus behavior.
- A staff member meets each bus every morning to ensure appropriate scholar behaviors with the bus driver.
- A staff member contacts any parent or guardian whose child had failed to act

responsibly and respectfully on the bus and imposes the appropriate consequences for the misbehavior.

**Bus Regulations and Expectations:**

- Be at the bus stop 5-10 minutes prior to the scheduled time.
- Parents/guardians are responsible for supervision of scholars before boarding and after departing from the bus.
- Parents/guardians are NOT legally permitted to board a school bus.** Only those people who are authorized by the driver are permitted to be on the school bus. Please reference Pennsylvania's unauthorized bus entry statute
  - Cross in front of the school bus when crossing a street.
  - Keep buses clean, sanitary, and orderly.
  - Obey bus drivers/monitors, as they are in full charge of buses and pupils while in transit.
  - Always ride seated in an assigned seat facing the front of the bus.
  - Never cause damage to the school bus, and report anything noticed to the driver. Any scholar disfiguring or mutilating a bus will be required to pay for the damage, and denied further use of buses.
  - Never get off the bus at any stop other than your assigned bus stop, unless you have written permission from your parents and the bus driver.
  - Never fight, scuffle, or incite any disturbance creating a hazard to the safety of others on the bus.
  - Never use obscenities or profane language on the school bus.
  - Do not extend arms or head out of the bus window at any time.

**School officials will act upon referrals given by the school bus driver.**

- First Referral – Bus Discipline Letter
- Second Referral – 1 day bus suspension
- Third Referral – 3 day bus suspension
- Fourth Referral – 5 day bus suspension (Parent Conference will be scheduled before the child is permitted to ride the bus.)
- Fifth Referral – 10 day bus suspension (Parent Conference will be scheduled before the child is permitted to ride the bus.)
- Sixth Referral – Loss of bus privileges for the remainder of the school year.

**The above consequences are the bare minimum for each referral. School officials reserve the right to impose greater consequences depending on the severity of the situation. In addition, bus audio and video recordings are not always available as evidence to confirm violations. Accounts given by the driver, monitor and/or additional investigation may be used to substantiate referrals.**

#### **XV. Criminal Activity**

Propel will report to the appropriate authorities any criminal act upon suspicion that such an act has been committed. The school shall also cooperate with the authorities in the prosecution of such offenses. This applies to all stakeholders including scholars and parents/guardians.

#### **XVI. Weapons Policy**

Any instance of possession or suspicion of possession of a weapon; including a toy, look-alike, and imitation weapon; will be reported to the appropriate authorities. A weapon shall include, but not be limited to, any knife, cutting instrument, cutting tool, nunchaku, firearm, shotgun, rifle and any other tool, instrument, or implement capable of inflicting serious bodily injury. Propel will cooperate with the authorities in the prosecution of such offenses. Possession of a weapon will be grounds for expulsion from the school. Any object used in a threatening manner shall be considered a weapon even if its normal use is not as a weapon. This applies to all stakeholders including scholars and parents/guardians.

#### **XVII. Smoke Free/Tobacco Free Policy**

Propel is committed to providing a healthy and productive environment for staff, scholars, scholar families and community members. We believe that education has a central role to play in establishing healthy habits for children; we also believe it is appropriate to take measures to help scholars resist the use of tobacco. scholars are NOT permitted to use or possess tobacco products of any kind or any form including eCigarettes and Vape Pens while in a school building, on school property, in a school vehicle, in a school bus, or while attending any school sponsored function at any time. All stakeholders are NOT permitted to use tobacco products of any kind or any form including eCigarettes and Vape Pens while in a school building, on school property, in a school vehicle, in a school bus, or while attending any school sponsored function at any time.

#### **XVIII. Guidelines for Medication Administration**

An increase in the number of medications being sent into the schools makes it necessary to establish guidelines for scholars taking medications in the school for the protection of both scholars and school personnel.

FAMILIES SHOULD MAKE EVERY EFFORT TO GIVE MEDICATION AT HOME as only essential prescribed medicines will be given at school. The parent or guardian will assume, in writing, full responsibility for any medications sent into school. **All medications MUST be brought to school and picked up by an adult.** If the School Nurse is not available, the building Principal may accept delivery of the medication. In addition: the administration of over-the-counter medications is governed by state law, which forbids a school nurse to administer any medication without a licensed medical practitioner's or dentist's written order.

##### *All Medications*

→ All medications, including over-the-counter medications, must be accompanied by written instruction from a licensed medical practitioner or dentist. **NO EXPIRED MEDICATIONS WILL BE ACCEPTED. NO EXCEPTIONS.**

→ All prescription medication must be in its original labeled pharmacy container and must be accompanied by a health professional's written request for administration which includes:

- Name of scholar
- Name of medication
- Name of qualified healthcare professional
- Dosage
- Date
- Time of administration

→ Over-the-counter medications must be in the manufacturer's original container and be labeled by the parent/guardian with the child's name and must be accompanied by a health professional's written request for administration which includes:

- Name of scholar
- Name of medication
- Name of qualified healthcare professional
- Dosage
- Date
- Time of administration

→ In addition, a parent or guardian must complete a permission form issued by the school for ALL medications given at school.

→ All medications are to be kept in a locked cabinet in the school health office.

→ Medications not in compliance with the above guidelines cannot be given and will be returned to the parents/guardians.

→ Self-administration of emergency asthma and anaphylaxis medications (EpiPens) will be permitted with a licensed medical practitioner's order and parent permission, including a statement that it is necessary for the scholar to carry the medication and that the scholar is capable of self-administration.

### Self-Administration

To self-administer medication, the scholar must be able to:

- Respond to and visually recognize his/her name
- Identify his/her medication
- Measure, pour and administer the prescribed dosage

→ All medication orders and parent permission will be valid for the current school year only. ALL MEDICATIONS must have a new doctor's order and parent permission submitted each school year.

→ All medications will be sent home at the conclusion of the school year. Any medication not picked up at the conclusion of the school year will be discarded. No medication can be kept at the school over the summer. Medication will be returned to the parent or an adult designee only.

### Field Trip Medications

Due to current Pennsylvania State Mandates, school medications MAY NOT BE SENT WITH THE TEACHER if the school nurse is unable to attend the field trip. Parents of children with life threatening medical conditions and those taking daily medications will be dealt with on an individual basis. Parents of children who receive routine medication during school hours may

choose to have their child not receive his/ her medication on the day of the field trip if a nurse cannot attend. Any questions should be directed to your child's school nurse.

### When to Keep Your Child Home from School

Upon occasion it is necessary for your child to remain home due to an illness. The Allegheny County Health Department and the Centers for Disease Control and Prevention have provided the following guidelines:

- Your child should not be sent to school hoping that he or she will feel better after arriving.
- Your child should be kept home following an overnight bout of nausea, vomiting, or diarrhea and watched for further symptoms.
- Your child should remain home if he/she has had a temperature of 100 degrees or higher. A child should have a normal temperature for 24 hours **without fever reducing medicines** before returning to school.
- Whooping Cough: exclude from school until 5 days from start of appropriate antimicrobial treatment.
- Pink Eye: 24 hours after initiation of treatment.
- Strep Throat: 24 hours after initiation of treatment.
- Lice: Until treated with a pediculicidal agent. Seven days after treatment a health care provider or school nurse shall re-examine for infestation.
- Chicken Pox: Six days from the outbreak of the last crop of blisters with all pox marks dried.
- Impetigo, scabies or ringworm: Until judged non-infectious by the physician or 24 hours after initiation of treatment.
- Bed Bugs: Propel Schools follows guidelines from the United States Environmental Protection Agency

## **XIX. Miscellaneous**

### Updating Pertinent Information

It is the responsibility of the parent/guardian to ensure all pertinent information including but not limited to telephone numbers, address, medical information, and emergency contacts are up to date. If there is a change in residency, a change of address form must be completed within 10 days of the move. If this does not occur, the scholar may be dropped from Propel Schools rolls.

A school staff member will accompany your child to the hospital and stay with him/her until you arrive.

### Volunteer Practices/Procedures

All those (parents, grandparents, community members) who wish to volunteer must have the required clearances including criminal, child abuse, FBI, PA Department of Education, and a TB test. Volunteers are assigned duties by the building principal and will work directly with an administrator who will work with faculty or staff for appropriate placement and direction of the volunteer work. Any other arrangements must be cleared with the superintendent or his/her designee. Volunteers must have proper clearances to assist with school events, performances, trips, attend conferences, etc. Paperwork to obtain the proper clearances can be provided by the building administrative assistant. All volunteers will be required to follow the Building Visitation Policy.

### Building Visitation Policy

Propel Schools holds the safety of all stakeholders in high regard. In order to enter the building, all visitors must have in their possession a photo ID that will be scanned as a security measure. Upon entering the building, all visitors must go directly to the main office, check in with the administrative assistant, provide photo ID, and secure a visitor's pass, and wait for a staff member to provide you with directions on how to proceed. Propel Schools has the right to deny visitors into the building and/or have them exit school grounds at any time.

Classes will not be interrupted for this purpose.

3. All visitors must register in the office and obtain a visitor's ID. See Building Visitation Policy.
4. Teachers cannot take phone calls from families during class time unless approved by the principal.

## **XX. Title I, Part A: LEA Parent-Family Engagement Policy**

### **PART I. GENERAL EXPECTATIONS**

Propel Schools agrees to implement the following statutory requirements:

1. The school district will put into operation programs, activities and procedures for the involvement of parents in all of its schools with Title I, Part A programs, consistent with section 1118 of the Elementary and Secondary Education Act (ESEA). Those programs, activities and procedures will be planned and operated with meaningful consultation with parents of participating children.
2. Consistent with section 1118, the school district will work with its schools to ensure that the required school-level parent-family engagement policies meet the requirements of section 1118(b) of the ESEA, and each include, as a component, a school-parent compact consistent with section 1118(d) of the ESEA.
3. The school district will incorporate this district wide parent-family engagement policy into its LEA plan developed under section 1112 of the ESEA. In carrying out the Title I, Part A parent-family engagement requirements, to the extent practicable, the school district and its schools will provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under section 1111 of the ESEA in an understandable and uniform format and, including alternative formats upon request, and, to the extent practicable, in a language parents understand.
4. If the LEA plan for Title I, Part A, developed under section 1112 of the ESEA, is not satisfactory to the parents of participating children, the school district will submit any parent comments with the plan when the school district submits the plan to the State Department of Education.
5. The school district will be governed by the following statutory definition of parent-family engagement , and expects that its Title I schools will carry out programs, activities and procedures in accordance with this definition: Parent-family engagement means the participation of parents in regular, two-way, and meaningful communication involving scholar academic learning and other school activities, including ensuring— (A) that parents play an integral role in assisting their child's learning; (B) that parents are encouraged to be actively involved in their child's education at school; (C) that parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to

assist in the education of their child; (D) the carrying out of other activities, such as those described in section 1118 of the ESEA.

It will be reviewed annually with all stakeholders. The school district will distribute this policy to all parents of participating Title I, Part A children annually.

##### **Title I, Part A: School Level Parent-Family Engagement Policy**

Propel Schools is dedicated to providing a high-quality education for every scholar. To accomplish this objective, there needs to be a strong partnership between the school and the family. Parents and families work as partners to increase scholar achievement and develop positive attitudes about self and school.

Teachers will keep parents and families informed of grade level learning objectives and expectations. All scholars will be expected to work toward mastering these objectives before moving onto the next grade level. In order for this to occur, the expectation is that parents and families attend at least two face-to-face conferences at the school where the academic, social, and emotional progress of the child is discussed.

Propel Schools has developed a written Title I Schoolwide Parent-Family Engagement Policy and School/Parent/School Compact with input from parents and families. Propel believes that the parents and families are the child's first teacher and even after entering school, the continued involvement of the parents and families is critical to the success of the child while in school. In order to accomplish this goal, all parents and families will receive a copy of the Parent-Family Engagement Policy and School/Parent/scholar Compact at the beginning of the school year, and it will be posted on the school's website. The policy describes the means for carrying out the following Title I parent and family engagement requirements [20 USC 6318 Section 1118(a)-(f) inclusive].

##### **Parent-Family Engagement in the Title I Schoolwide Program**

To involve parent and families in the Title I Schoolwide Program at Propel Schools, the following practices have been established:

- The school convenes two annual meetings each fall and spring to inform all parents and families about the Title I Schoolwide Programs, Title I requirements, and about the right of parents to be involved in the Title I Schoolwide Program.
- The school offers a flexible number of meeting times and dates for all parents and families, such as meetings in the morning or evening.
- The school involves parents and families in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's Title I Schoolwide program and the Title I

Parent-Family Engagement Policy and School Compact. Parents, families, and school staff meet to discuss the design, implementation, and provide feedback.

- The school provides parents and families with timely information through various modes of communication including phone calls, newsletters, emails, social media postings, and website postings.
- The school provides parents and families with an explanation of the curriculum used at the school, the assessments used to measure scholar progress, and the proficiency levels scholars are expected to meet. Parents and families are required to attend two family-teacher conferences each year where the above information will be discussed. The information will also be discussed at the annual Title I meetings.
- If requested by parents and families, the school provides opportunities for regular meetings that allow the parents to participate in decisions relating to the education of their children.
- Parents and families may request to attend the annual federal programs parent conference. One parent/guardian per LEA will be able to attend annually and must have all current clearances on file at the Propel Administrative office. After the conference, the parent/guardian is expected to volunteer at the school and share the information from the conference with other families and school staff. Applications must be submitted to the Federal Programs Coordinator at least 6 weeks prior to the deadline indicated on the application. If more than one parent requests to attend, a lottery will be used to determine attendance.
- If the Schoolwide plan is not satisfactory to families and parents, all comments will be submitted when the school makes the plan available to the LEA.

### **Title I, Part A: School/Family-Parent/Scholar Compact**

Propel Schools distributes to parents and families a School/Parent/scholar Compact. The compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and scholars will share the responsibility for improved scholar academic achievement. It describes specific ways the school and families will partner to help children achieve the State's high academic standards. It addresses the following legally required items, as well as other items suggested by parents and families.

- The school's responsibility to provide high-quality curriculum and instruction.
- The ways parents will be responsible for supporting their children's learning.
- The importance of ongoing communication between parents and teachers through, at a minimum, semi-annual parent-teacher conferences; frequent reports on scholar progress; access to staff; opportunities for parents to volunteer and participate in their child's class; and opportunities to observe classroom activities when requested and scheduled.

Parents and families along with school staff met to discuss the design implementation of the compact. Propel uses various modes of communication and holds meetings at different times to accommodate parents and families.

Propel Schools engages parents and families in meaningful interactions with the school. It

## **XXI. Annual Child Find Notice and scholar Records Notice**

The Family Educational Rights and Privacy Act of 1974 (FERPA - C.F.R. Part 99), was most recently amended January 8, 2008, state regulations (Chapter 711-Special Education Services and Programs, Chapter 12-scholar Rights and Responsibilities) and district policy.

It is the intent of this Annual Notice and policy to inform parent/guardian(s) and eligible children (i.e. scholars 18 and older) of their rights relevant to their privacy rights in the collection, maintenance, release and destruction of these records as required by the **Family Educational Rights and Privacy Act (FERPA)**, 20 U.S.C. '1232g. 34 C.F.R. part 99. Annual notice of this policy is accessible on Propel's website.

The different categories of information maintained by the school district are as follows; educational and health records, personally identifiable information and directory information. Information known as directory information can be released without consent. Parents may opt out of this by requesting in writing to the school principal that some or all directory information not be released. In addition, photographs and/or videos may be used in newspaper articles highlighting various school activities or television coverage of school events. If you do not wish your child to be photographed or videotaped for these purposes, you must inform the district in writing.

**Education Records** include records directly related to a scholar that are maintained by Propel Schools. The Educational Records of the District may include all of the following (this list is not intended to be exhaustive): grades, standardized test results, scholar evaluation reports, samples of scholar work, records transferred from sending schools, discipline records, medical records and any other records created and maintained by the school district directly related to the scholar. Educational records do not include communications with legal counsel that are attorney client privileged. Educational Records do not include records maintained solely by the creator for their personal use, not shared with others. The contents of a scholar's educational file shall be determined by the District unless a specific parental request is made or a complaint

is made, consistent with this Notice.

The District shall permit the parent/guardian(s) of a scholar or an eligible special education scholar, who is or has been in attendance in the District, to inspect and review the education records of the scholar upon written request. The District will comply with a written request to review records within a reasonable period of time (never to exceed 45 calendar days from the date of written request; 30 days if the scholar receives special education services) after the request has been made. When there are special cases and where necessary, a parental request to review records will be granted and arranged as soon as possible. Visits to review a scholar's records shall be arranged and facilitated by the building principal or designee, or any party selected by the District, for the purposes of security and assistance in explaining or interpreting the data. The right to inspect and review education records includes:

1. The right to a response from the District to reasonable requests, made in writing, for explanation and interpretations of the record; and
2. The right to obtain copies of records from the District where failure of the District to provide the copies would effectively prevent a parent or eligible scholar from exercising the right to inspect and review the educational records (e.g. where the parent lives too far to come review the records personally). **A reasonable fee of .25 will be charged per page for duplicate copies of documents already provided to parents/guardians**

In accordance with FERPA, the District will not produce or compile documentation that does not already exist.

It is presumed by the District that both biological parents/guardian(s) of a scholar have authority to inspect and review the education records of the scholar at the school of the child's attendance in the main office by appointment unless there is evidence that there is a legally binding instrument, or a State law or court order governing such matters as divorce, separation or custody, which provides to the contrary. A District designee will sit with the parent when the parent reviews the records in a private conference area. As part of the notice of a parent's right to access, Propel Schools has the responsibility to inform all parents of provisions affecting parental access, and request verification of any court order denying either parent access to records. It is the responsibility of the parent seeking to deny access to the records to provide Propel Schools with a copy of the court order or other document that limits or controls access to scholar records. In cases where the request for access to records is made by a non-custodial parent, Propel Schools has the responsibility to verify the person's identity and notify the custodial parent of the request. If a parent seeking to deny access does not respond to the school's request within the 45 or 30 day timeframe, the school must grant the request.

### **Legal Custody and Court Orders**

Propel Schools will do everything possible to ensure the safety and rights of all family members are protected. Parents/guardians who are involved in custody situations regarding their children must submit a copy of the standing and current court order to the school office immediately. Court order statements will be fully honored by Propel Schools. Please inform the

school and provide updated documentation when necessary. Documentation must be re-submitted each school year.

Parental requests to maintain the confidentiality of specific medical information must be made in writing to the nurse's office.** Requests for complete confidentiality of medical information will be granted at the discretion of the nurse. These requests will be granted unless dangerous to the scholar.

If the district reported a crime committed by a scholar with a disability the district will ensure that copies of the special education records and disciplinary records of the scholar will be transmitted properly and only to the extent possible that the transmission is permitted by the Family Educational Rights and Privacy Act.

The District can communicate about sex offenders from agency to agency.

The District shall obtain the written consent of the parent(s)/guardian(s) of a scholar age eighteen before disclosing personally identifiable information, other than directory information, from the education records of a scholar to a third party. Consent is not required where the disclosure is to the parent/guardian(s) of a scholar who is not an eligible scholar or the scholar himself or herself.

1. To other school officials, including teachers, guidance counselors, nurses, and I.U. personnel within the District who have been determined by the District to have legitimate

educational interests or are providing instruction or services to scholars. The District has determined that all school employees involved in the direct supervision of a scholar (academic or non-academic) (including support staff) have a legitimate educational interest in academic and health related scholar information if the information is necessary to ensure appropriate fulfillment of their professional duties and to ensure the health and safety of the scholar. 2. To officials of another school or school system or post-secondary schools in which the

scholar seeks or intends to enroll, subject to the requirements set forth in 99.34. Parents may request a copy of the record sent.

To appropriate parties in a health or safety emergency, subject to the conditions set in 99.36, if knowledge of the information is necessary to protect the health or safety of the scholar or other individuals. 4. Information designated by the District as Directory Information. 5. Generally, schools must have written permission from the parent/guardian or eligible

When providing records to authorized third parties, the District will make a reasonable attempt to notify the parent/guardian(s) of the scholar or the eligible scholar of the transfer of the records at the last known address of the parent(s)/guardian(s) or eligible scholar. Per state law, the District will not provide any notice of transfer of records of a scholar to a school in which a scholar seeks or intends to enroll.

Under federal and state law, Propel Schools will maintain a list of all persons who have requested or obtained access to personally identifiable information contained in the scholar's educational record. The list will include the name of the party making the request, the basis upon which the party claims the right to access the information, and the date the request was made. The list will be available to the scholar's parent/guardian upon request.

The District maintains scholar records in the individual Propel buildings. Special education scholar records, scholar health records, and 504 scholar service plans are kept in separate locked files in the individual schools until the time when the scholar is no longer active. Once a scholar becomes inactive in Propel their records are transferred to a locked storage space.

A parent/guardian or eligible scholar has the right to request amendment of a scholar's educational file if it is believed that any information is inaccurate, or in violation of a scholar's rights. The educational agency shall decide within a reasonable time whether to amend the record. If the school district decides not to amend the educational record it shall notify the parent/scholar of the right to and arrange an informal hearing. The hearing will be conducted

by an official of the District without an interest in the outcome, who will be either the Director of Pupil Services or their designee. The parent may present relevant evidence. **SCREENING AND EVALUATION** Propel Schools has a three-part screening process in place that identifies any scholar who may need special education.

**LEVEL 1: Review of Group-Based Data** The building principals, general education teachers, and resource teachers review enrollment information, academic and health records, and results from group-based tests such as Dynamic Indicators of Basic Early Literacy Skills (DIBELS), Measure of Academic Performance Assessment (MAP), Developmental Reading Assessment (DRA), 4- Sight Assessments, and the Pennsylvania System of School Assessment (PSSA). For incoming kindergarten scholars, results from a kindergarten readiness screening are examined. Data gathered through a thorough review of records may prompt a referral for screening of a child for special education.

**LEVEL 2: Review of Hearing, Vision, Motor, Speech and Language** As prescribed by Section 1402 of the Pennsylvania school code, Propel Schools routinely conducts health screenings for kindergarten (K) through 12<sup>th</sup> grade scholars and new scholars without history of recent exams: Vision (Gr. K-12); Hearing (Gr. K-3, 7, & 11 and any scholar with a known history of hearing loss and ungraded scholars); Mandated Physical Exams (Gr. K or 1, 6, and 11); Dental Screenings (Gr. K or 1, 3 and 7); Scoliosis Screening (Gr. 6 & 7); and Body Mass Index (BMI) Screening (Gr. K-12). Speech and language skills are screened in kindergarten and upon referral to the speech pathologist. Gross motor and fine motor skills, academic and social-emotional skills are assessed by the general education teachers, special education teachers, and support staff on an ongoing basis. Specified needs from all of these screening sources are noted within the child's official file, discussed with parents and, and when appropriate, referred to the Response to Intervention and Instruction Team (RTII) which meets monthly to conduct various ongoing screening and to develop interventions

**LEVEL 3: Response to Intervention and Instruction Team (RTII Team)** RTII is a group process aimed to maximize individual scholar success in the regular classroom, consider barriers to

learning, and to serve as a screening process for scholars who may be in need of special education services. RTII is a positive, team based process which uses intervention techniques to help remove educational, behavioral or affective stumbling blocks for 44

all scholars in the regular classroom. RTII program runs from kindergarten through grade 12. Referrals for RTII may be initiated by the parent, classroom teacher or any staff member. RTII includes general education teachers, special education teachers, math coach, literacy coach, guidance counselors, behavior coaches, and administrators.

RTII Process:

1. Identify the scholar's needs for academic and behavioral support and identify the strategies that have been tried within the classroom.
2. Determine more specific interventions to be implemented
3. Implement the interventions
4. Determine if the interventions are addressing the scholar's needs. If the interventions work, continue the interventions

**XXII. Services for School Age scholars with Disabilities** Propel Schools provides a free, appropriate public education to scholars with disabilities according to state and federal rules. To be eligible, the child must:

- Be of school age.
- Have a disability and be in need of specially designed instruction.
- Meet eligibility criteria for one or more of the following physical or mental disabilities as set forth in the Pennsylvania State Standards: autism, deaf-blindness, blindness, visual impairment, emotional disturbance, specific learning disability, other health impairment, traumatic brain injury, and speech/language impairment, orthopedic impairment, hearing impairment, deafness, multiple disabilities or mental retardation.

If a scholar is found eligible for an Individual Education Plan (IEP) according to state and federal law, the following services are designed to meet the needs of eligible scholars with disabilities:

- The annual development of an individualized education program (IEP).
- A triennial multidisciplinary re-evaluation for scholars with disabilities (except for those

scholars with Intellectual Disabilities where evaluation remains biennial).

→ A range of supports for scholars from itinerant level to supplemental level to full time level special education support within the district or placement in a full-time special education disabilities class outside of the regular school.

The extent of special education services for scholars with disabilities and the location for the delivery of such services are determined by the parents and the district staff at the IEP team meeting and are based on the scholar's identified needs and abilities, chronological age and the level of intensity of the specified intervention. The district also provides related services, such as physical therapy, occupational therapy and assistive technology (not an exhaustive list) if they are required to enable the scholar with disabilities to derive educational outcomes. Prior to initiation of services, parents of a scholar with disabilities are presented a "Notice of Recommended Educational Placement/Prior Written Notice" (NOREP) with which they agree or disagree. If parents agree to the program outlined by the multidisciplinary team and the parent signs the NOREP, then the program is implemented for their child. If parents disagree with the program being recommended, they have the right to request IEP facilitation, mediation and/or a due process hearing. Parents are issued their "Procedural Safeguards" which outlines in detail their legal rights as a parent of a child identified as having a disability.

### **Services for Protected Handicapped Scholars**

Propel Schools will provide to each protected handicapped scholar without discrimination or cost to the scholar or family those related aids, services or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of school programs and extracurricular activities to the extent appropriate to the scholar's abilities. To qualify as a protected handicapped scholar, the child must be of school age with a physical or mental handicap which substantially limits or prohibits participation in or access to an aspect of the school program.

Services for protected handicapped scholars are distinct from those applicable to disabled scholars enrolled in special education programs. Protected handicapped scholars fall under Pennsylvania's Chapter 15, sometimes known by its federal name, Section 504 (of the 1973 Rehabilitation Act). In contrast, scholars with disabilities who qualify for special education services are covered by regulations contained in Pennsylvania's Chapter 711. While both Chapter 711 and 15 provide services to scholars, there are technical differences between the two. Additional information about evaluation procedures and provision of services to protected handicapped scholars is available by contacting, Director of Pupil Services, Propel Schools, 3447 East Carson Street, Suite 200, Pittsburgh, PA, 15203.

**XXIV. Propel Schools Anti-Bullying Policy** Introduction Propel prohibits acts of harassment or bullying (including cyber-bullying. See full cyber-bully policy on Propel's website). In order

for the scholars of Propel to achieve high academic standards, it is necessary that the buildings be a safe and civil environment. Harassment or bullying, like any other disruptive or violent behavior, is conduct that disrupts a scholar's ability to learn as well as the learning of others. Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying of any kind is expected of administrators, faculty, and staff as they provide positive examples for scholar behavior.

Harassment or bullying is any gesture or written, oral, graphic, or physical act (including electronically transmitted act) that takes place on school property, at any school sponsored activity, or in a school vehicle and is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression; a mental, physical, or sensory disability or impairment; or by any other distinguishing characteristic. Harassment or bullying includes any gesture or written, oral, graphic, or physical act (including electronically transmitted act) that takes place off school property if such act causes a hostile environment on school grounds.

Propel encourages scholars who have been subject to bullying or harassment to promptly report such incidents to designated employees in writing and as listed in this policy. All complaints of harassment or bullying shall be investigated promptly, and corrective action shall be taken when allegations are substantiated. Confidentiality of all parties shall be maintained to the extent possible, consistent with Propel's legal and investigative obligations. This policy also prohibits (a) retaliation against anyone who in good faith reports behavior prohibited by this policy; and (b) intimidation of any witness or party who participates in an investigation.

This policy applies to scholars, employees and third-parties (such as vendors, independent contractors and members of the general public) and covers incidents that result in the bullying or harassment of Propel scholars regardless of whether the incidents themselves occur on school property.

Propel's Superintendent or his/her designee is Propel's Compliance Officer for purposes of this anti-bullying policy. The Compliance Officer shall publish and disseminate this policy and complaint procedure at least annually to scholars, parents/guardians, employees and the public. Such communications to scholars, parents/guardians and the public shall include the position, office address and telephone number of the Compliance Officer. This policy, its complaint procedures and the Compliance Officer's contact information shall be available on the Propel Schools website.

Propel officials must explain that this policy applies to all applicable acts of harassment and bullying that occur on school property, at school sponsored events, on a school bus or as a result of a scholar's association with the school. The Superintendent shall develop an annual process for discussing the policy on harassment and bullying with scholars and staff. Contact information for the Compliance Officer and for the building principals appears in Attachment A of this policy.

The investigator may also evaluate any other information and materials relevant to the investigation. Both the alleged victim and the alleged bully will be given the opportunity to present witnesses and other evidence. The investigator will use the preponderance of evidence standard to determine whether this policy has been violated. That is, a violation will be found if the complainant or victim presents evidence establishing it is more likely than not that the prohibited conduct occurred. The obligation to conduct this investigation shall not be negated by the fact that a criminal investigation of the incident is pending or has been concluded. The investigation is to be completed within three (3) school days after a report or complaint is made. Any reasonable delays (e.g., the unavailability of witnesses or parties due to illness) will be noted in the investigative file, and the investigation will be completed as soon as possible following the delay.

**Step 3 - Investigative Report** The building principal (or other person conducting the investigation) shall prepare a written report within fifteen(15) days, unless additional time to complete the investigation is required. Disciplinary action shall be consistent with the employee handbook, scholar and Family Handbook, Board policies, Propel procedures, applicable employment agreements, and applicable law.

Consequences and appropriate remedial actions for scholars who commit acts of bullying range from positive behavioral interventions up to and including suspension or expulsion. Other third party actors may be prohibited from participating in Propel activities. Reprisal or retaliation against any person who reports an act of bullying is prohibited. The consequences and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the reprisal or retaliation.
